Excursion Details

Line Fishing

Enjoy the traditional Maldivian “hand – reel bottom fishing”, with our experienced dhoni crew. You can catch Red Snapper, Barracuda, Groupers, all are fantastic for eating. The dhoni crew will search for the best place to fish and assists you with bait and reeling in the big ones. When you catch your own fish, the Chef will prepare it for you the following day for lunch or dinner in the Main Restaurant. Fishing is known to be relaxing, but add to this the serenity of being on the blue ocean and the song that its sings to you will make this trip a lasting memory.

Island Hopping

The people of the Maldives are unified by history, the Dhivehi language and their Islamic faith. With a population of a little over 280,000 spread over approx. 195 islands and a geo-graphical area of 90,000 sq. km, the country is held together by a strong sense of national pride, devotion to their President and a commitment to the family.

Naalaafushi (fisherman’s island) and Muli (the capital of this atoll)

Less than 10 minutes dhoni ride from Medhufushi is the fishing island called “Naalaafushi”. Here see traditional Maldivian houses made by coral stones. You will see the Mosque where the Muslim people pray five times a day, visit the local island school and see many beautiful children. The beauty, the culture and way of life on a small island will be explained by our Guest Relations Officer when you make your way through the village. From Naalaafushi we take a 15 minutes boat ride to the capital of the atoll named “Muli”. Here you will find a Mosque, a School, Souvenir shops and the Hospital. Take some cash (US\$) with you, you may want buy some souvenirs from both islands. Please ensure you wear appropriate clothing which covers your shoulder to thighs.

Dolphin Watch

Don’t miss the chance to meet some of the Maldives other friendly underwater inhabitants- Dolphins! Cruise along to known ocean points where Dolphins frequent. Watch as these inquisitive creatures playfully swim along with you, bobbing in and out of the water as the sun starts to lower casting pretty skies and the ocean.
