## Emdodiment of Perfection

Avalon Collection showcased their inspiration of resorts's interior design in its discreet luxury throughout the island. Designed with the ethos of "Mussaafir", an Arabic word portraying the traveler-concept of wanderlust and colourful gypsy-esque lifestyle, the overarching design concept of InterContinental Maldives reflects its free-spirited nature and traditional craft inspiration, evident in the many art pieces displayed across the resort and architectural finishes hallmark of contemporary Maldivian design.

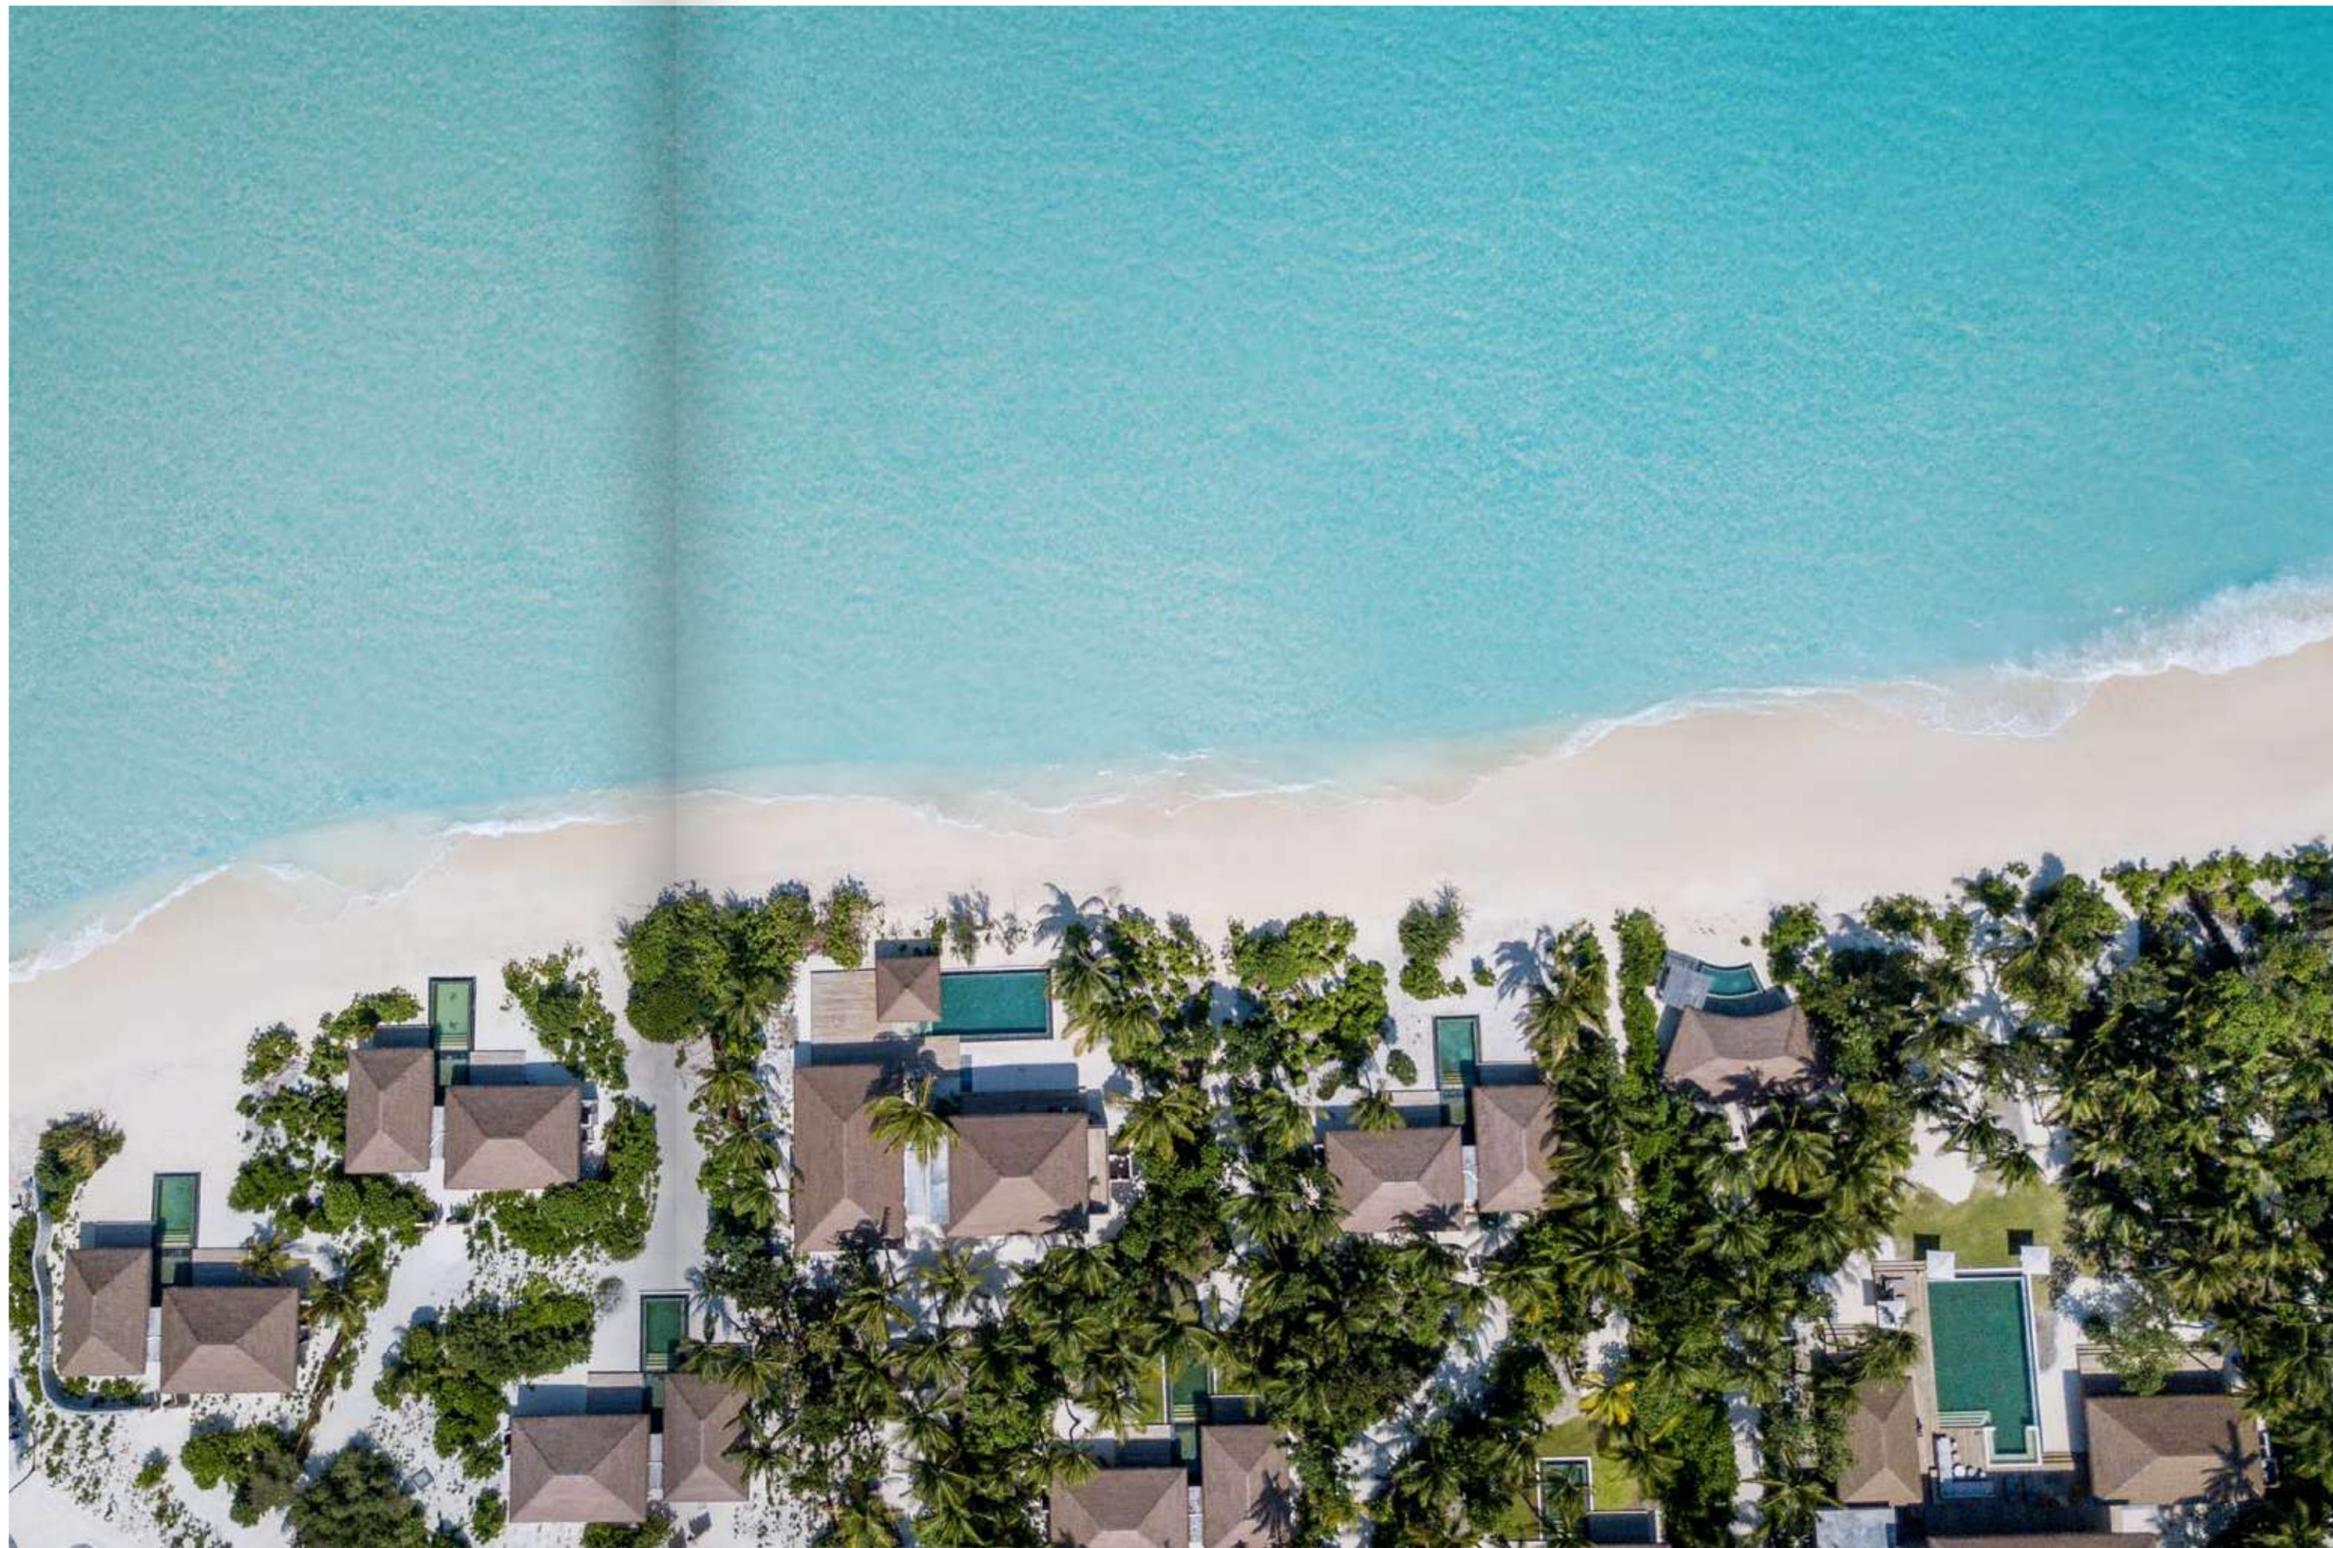

Be delighted with the pops of colours made by Maldivian acrylic, collections of carpets sewn together and tapestries adorning the walls, all eclectically put together for that welcoming warmth feeling as you step into a home.

Experience Maldives' breath-taking vistas from our 81 Beach, Lagoon or Overwater Villas and Residences, where private white sandy beaches, turquoise views of the Indian Ocean and the contemporary Maldivian design will make you indulge in your home away home.
