

## THEME NIGHTS AT PALMS

On select evenings, Palms moves out onto the beach. Your table sits on the sand, the lagoon is just there, and our chefs cook over an open grill in front of you, working with the day's freshest catch and cuts. It's easy, social, and a little different every time. Ask us which nights are coming up.

*Complimentary for guests of Half Board, Full Board and All-inclusive meal plans.*

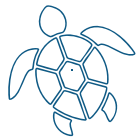

## KURUM-BAR COCONUT CART

Fresh coconut, straight from the tree.

On certain days, you might spot our little coconut cart somewhere on the island. Stop and watch: one of our climbers goes up the palm by hand, picks the coconuts, and brings them down to you. We open them on the spot and pour. The water is cool, sweet, and about as fresh as it gets. It's on us. All you have to do is walk past at the right moment.

## NEW COMPLIMENTARY EXPERIENCES AT NOKU MALDIVES

Some of the best things here cost nothing. We have put together a handful of experiences that come with your stay, built around the food, the water, and the island life around us. No booking fees, no add-ons. Just ask us, or keep an eye out, and join in.

## FOR FAMILIES

For families staying with us, we have the practical things ready so you can pack lighter: formula, diapers, hygiene kits, a baby monitor, and a stroller, with more available on request. And your little ones will find their room waiting for them, set up with a teepee tent and soft toys. Additionally, for a small fee, you can leave your children with one of our in-house babysitters and take some time off, if you need an afternoon to yourselves.

## LOCAL ISLAND VISIT

Join us on a short boat trip to a nearby local island and discover everyday Maldivian life. Walk the sandy lanes, see the homes and the harbour, and hear the stories behind the place: its history, its buildings, and the customs that shape island life. A guide goes with you. We only ask that you dress modestly out of respect for the community.

Speak to us to find out when the next visit sails.
