### **Wine Cellar**

You will experience not only the rare Bordeaux and Burgundy, California and Italy's Piedmonte but also the design and artwork along with the other unique appointments that make Anassa's cellar the finest tasting room on the island.

It is widely appreciated by connoisseurs of wine, who have the opportunity to sample a large assortment of red and white wines that the Anassa's team of sommeliers pour by the glass. No cellar in Cyprus has a better collection of Cyprus wines with particular emphasis given to Commandaria, the famous fortified wine of Cyprus with bottles dating from as early as 1961.

To age and preserve the wines properly, the cellar is kept at a constant 12° C degrees with 75% humidity. This perfect climate allows the wines to age with the nuances that complement Anassa. The cellar is backed by a well trained team of sommeliers who offer their assistance to the hotel's guests in exploring the world of wine in this beautiful part of the island.

**A complimentary wine tasting is held every week from 18:00-19:00** (minimum 6 participants required).

With the experience of our Sommelier get to taste some the best Cypriot wines.
