MARES MARMARIS

LABRANDA MARES MARMARIS

Labranda Mares Marmaris was built by the enchanting coastline of the Aegean Sea. The hotel is constantly bathed by scented pine trees, a constant refreshing sea breeze and an unbeatable amount of sunshine. These natural sensory experiences are best enjoyed from the 650 meter beach that stretches along the Marmaris bay. As well as from the jetties and sun terraces located in and around the beach.

Marmaris at one point was a calm sleepy village. Now it is a resort town with a lot to offer and a summer population of close to 400,000. This coastal town is also a hotbed for sailing in the Turkish Riviera and has two large marinas. Making this a unique location with a strong sailing culture that can be enjoyed by those who wish to take part in it.

Labranda Mares Marmaris is located within the pine forests of İçmeler. This enchanting setting allows guests to enjoy both ocean and non-beach like outdoor activities. Giving them the ability to experience a diverse set of doings that are seldom experienced in a single holiday destination.

The hotel itself also has plenty to offer guests on-site, from a variety of restaurants, bars to live entertainment options. These diverse offerings give guests the ability of having the time of their lives within the hotel grounds should they choose to. Finally, the Labranda Mares Marmaris is also an ideal destination for businesses that are looking for a place to host their work related events, as there are up to 8 meeting room facilities available to rent for all types of occasions.
