Translated from ancient Arabic as 'liquid gold', the La'Mar Spa is a shimmering sanctuary located on the first floor of the resort. With relaxing views overlooking the Arabian Gulf, its interiors are gilded with gold and marble floors, setting the scene for luxury.

The spa has a number of spacious treatment rooms, including one dedicated to couples. A highlight is the traditional hammam area, complete with intricate mosaic work, luxe marble and a starry skylight.

Choose from the spa's menu of wellness rituals that feature holistic ingredients, expert techniques and premium brands. After a brief consultation, our therapists can also recommend the right treatments or customize something special, just for you.
